

Dear Sir/Madam,

Thank you very much for your interest in ISTS (International Symposium on Space Technology and Science).

In this COVID-19 situation, ISTS Organizing Committee has been discussing how and in what way we can organize this international symposium safely and fruitfully on site with many participants from abroad.

Now we have decided to postpone the 33rd ISTS to be held as on-site symposium in February or March 2022.

The exact date of the symposium is now being discussed and will be announced soon.

The venue is the same place in Beppu, Oita prefecture.

We will also postpone the deadline of abstract submission and for the student session the deadline of paper submission as well, which will be announced with exact date on the ISTS web-site soon.

Thank you very much for your kind understanding, and we hope that we will meet you in Beppu, Oita in 2022.

Please keep watching the ISTS website !

Sincerely Yours,

Shinichi Nakasuka

General Chairperson of 33rd ISTS
